

Mother's Day

Mother's Day is on the second Sunday in May. Mother's

Day is a day to thank mothers. Many mothers take care

of children,  cook dinner,  do the dishes,

 do the laundry,  sweep the floor, 

mop the floor,  make the beds,  clean the

bathroom,  do the vacuuming,  do the

ironing  and water the plants.  Many

people give their mother a Mother's Day card.

Many people give flowers  or a gift.
